To all of the Dharma Students of KDK, please do this daily prayer for Bill Voigt, Karma Jinpa. Please pray for his long life and good health so that he can continue to be with us and quickly overcome his obstacles, and that all of his medicine and treatments will be successful.

Recite up until the mantra, then recite the mantra "Om Ah Ma Ra Ni Ze Wan Ti Ye So Ha" 100x per day while focusing your mind on this image of Amitayus. Visualize that the blessing light comes from Amitayus' heart, then goes to all the lineage of Vajradhara down to the present guru, then to the Three Times Buddhas and Bodhisattvas of the past, present and future, and then to all of the Peaceful and Wrathful deities, and finally this light fills up Lama Jinpa's body, removing all obstacles and giving him the blessing of longevity and good health. Once you have finished the recitation, then read the next shaloka and dedicate to his health and to the welfare and enlightenment of all sentient beings. In this way, you will contribute to his long life. This is my way to contribute for his quick recovery. I hope you believe in me and trust me; if you do this, just as I am doing, you are doing a favor to the lamas, to all of the Shangpa Kagyu and Karma Kagyu lineages and all the Three Times Buddhas, being that you do this prayer for him. If you think of it this way, you will bring more blessings and invoke the majestic power of long life to Lama Jinpa.
